Pre-authorization

For **pre-authorization** forward a pre-authorization form OR a physician's prescription indicating the diagnosis and what is prescribed.

Submitting Claims

All claims submitted to GSC require your GSC Identification number. Your GSC Identification Number is your student number with the prefix "**APU**" – e.g. **APU111222333**.

Original itemized paid receipts are required for claims reimbursement **(cash receipts or credit card receipts alone are not acceptable as proof of payment).**

GSC reserves the right to request supplementary claims information. Failure to respond to such requests may result in the denial of the claim.

The intentional omission, misrepresentation or falsification of information relating to any claim constitutes fraud. Submission of a fraudulent claim is a criminal offence and will be reported to the applicable law enforcement and/or regulatory agencies and your plan sponsor. This could result in termination of your coverage under this benefit plan.

For certain claims, we may require additional confirmation of payment so we recommend you keep a copy of some other identifiable confirmation of payment, such as a cancelled cheque (copy is acceptable if both sides of the cheque are provided), an authorized electronic credit card receipt and/or statement, direct payment /debit receipt or bank statements.

For dental claims, forward a dental claim form, completed by both the plan member and the dentist. If your claim is the result of an accident, a Dental Accident Report Form and your dental X-rays must be submitted to GSC for prior approval. Failure to comply may result in non-payment.

All claims must be received by GSC no later than 12 months from the date the eligible benefit was incurred.

Reimbursement

Reimbursement will be made by one of the following methods:

a) Direct deposit to your personal bank account, when requested;
b) A reimbursement cheque; or
c) Direct payment to the provider of services, where applicable.

All dollar maximums and limitations stated are expressed in Canadian dollars. Reimbursement will be made in Canadian or U.S. funds for both providers and plan members, based on the country of the payee.

Overpayments

GSC reserves the right to recover all amounts resulting from overpaid or unsupported claims for benefits by deducting such amounts from future claims and/or by any other legal means.

Limitation on Legal Action

In Ontario, every action or proceeding against GSC for recovery of benefit payment under the plan is absolutely barred unless commenced within the time set out in the *Limitations Act, 2002.*

In British Columbia, Alberta and Manitoba, every action or proceeding against GSC for recovery of benefit payment under the plan is absolutely barred unless commenced within the time set out in the *Insurance Act.*

Direct Payment to the Provider of Service (where applicable)

Provide your GSC Identification number to your provider and, after you pay any applicable co-payment, they may bill GSC directly and in many cases, payment will be made directly to your provider of service. Most providers will also have a supply of claim forms.

Subrogation

GSC retains the right of subrogation of benefits. This means if GSC paid benefits on behalf of you or your dependent, but the benefits either should have been paid, or are subsequently paid or provided, in whole or in part, by a third party liability or other coverage(s), GSC has the right to recover such payment or reimbursement. In cases of third party liability, you must advise your lawyer of our subrogation rights.

DENTAL DISCOUNT NETWORK ARRANGEMENT

In partnership with the National Student Health Network, GSC provides access to the Student Dental Discount Network. The intent of this network is to provide our student plan members access to high quality dental services at an affordable cost.

Features of this great value-added service and how it works:

1. This national program includes more than 800 dental provider locations from coast to coast.
2. Once a dental provider elects to participate in the network, they are added to a list of GSC's participating dental providers. This list is available at greenshield.ca/student.
3. You may visit a dentist from the list of participating dental providers, or you may ask your existing dentist to join this network; the advantage to your dentist of joining the network is the potential of an increase in business. Your dentist can call our Customer Service Centre at 1.888.525.7587 for more information.
4. The discount offer applies to most dental procedures and *may* be up to 30%.
5. Our system will automatically calculate the applicable discount when you visit a dental provider in this network. The applicable discount is dependent on your particular college or university's plan design, and will be subtracted from your co-pay, or share of the cost.
6. Eligible dental claims must be processed electronically; therefore, **you must first be enrolled on GSC's system in order to be eligible for the discount**. GSC will pay your dentist directly; you only have to pay the dentist your share of the cost (if any) for services provided.
7. You will receive professional dental services while incurring lower out-of-pocket expenses and maintain ongoing oral health.

Co-ordination of Benefits (COB)

If you are covered for extended health and dental benefits under more than one plan, your benefits under this plan will be coordinated with the other plan so that you may be reimbursed up to 100% of the eligible expense incurred.

Claims must be submitted to the primary payor first. Any unpaid balances should then be submitted to the secondary plan(s). Use the following guidelines to identify the primary and secondary plans:

GSC Plan Member

This GSC student plan is always your primary plan. If you are the plan member under two group plans, priority goes in the following order:

- The plan where you are a full-time plan member
- The plan where you are a part-time plan member
- The plan where you are a retiree

Spouse

If your spouse is a plan member under another benefit plan, this GSC coverage is always secondary. Your spouse must first submit claims to his/her benefit plan.

Children

When dependent children are covered under both your GSC plan and your spouse's benefit plan, use the following order to determine where to submit the claims:

- The plan of the parent whose birth date (month and day) occurs earliest in the calendar year
- The plan of the parent whose first name begins with the earlier letter of the alphabet, if the parents have the same birth date
- In cases of separation or divorce with multiple benefit plans for the children, the following order applies:
    - The benefit plan of the parent who has custody of the dependent child
    - The plan of the spouse of the parent who has custody of the dependent child
    - The plan of the parent who does not have custody of the dependent child
    - The plan of the spouse of the parent who does not have custody of the dependent child

    If the parents have joint custody and both have the children listed as dependents under their plans, claims should first be submitted to the plan of the parent whose birth date (month and day) occurs earliest in the calendar year. Balances can then be submitted to the other parent's plan.

When GSC is identified as a secondary carrier, submit the original Explanation of Benefits statement from the primary carrier and a copy of the claim form in order to receive any balances owing.

Access to Information

If you live in a province where the law permits you to request copies of your records, GSC will provide one copy of the following at no charge:

b) any written statements or other record about your health that you submitted to GSC during the course of applying for coverage under this plan;
